

Opening Menu, Summer 2019
 As we get our menu, kitchen, and staff perfectly synced please try to keep customization to a minimum. Our servers will do their best to accommodate in the mean time, and please make any allergies known. Once we are executing this menu at a high level we will begin to add more and start introducing rotating specials that we know you will love. Thank you.

One change we made however, was sacrificing the huge, multi-paged, spiral menu. We strongly believe in offering a limited selection of items that are of the highest quality and we humbly hope you enjoy.

Whiskey Down = rye toast. In a noisy diner, a waitress can be hard to hear. White bread and rye bread can easily be mistaken for one another. So rye became whiskey and down became toast, as you have to push the knob on the toaster down.

*Please note we use a sustainable premium sunflower frying oil. It is non GMO, has 0g trans fat, and provides a light, clean flavor.
